EDITOR IN CHIEF ♦ BLAWN VETT A. DE LAINE-WEEKES

Adele's College Choice Upcoming Freshman Life

It's official – Adele is a high school graduate; receiving her diploma on a picture perfect evening with her family and close friends beaming with pride on this celebratory occasion. While family and friends were thinking of how quickly the years have passed from her this little girl blossoming into the young lady she has become today, we know Adele was thinking something totally different. Yes, she was reflecting on this monumental moment in her life and thankful for her many blessings, but she was also excited to embark in the next chapter of her "book of life" ... college and being on her own for the very first time.

Adele is proud to share that she has been selected a Bonner Scholar at the #1 rated HBCU (Historic Black College/University) Spelman in Atlanta, GA. She is ecstatic that she'll be able to continue her community service while attending college; which is an integral part of not only Adele's life but part of the Bonner Scholar Program. She realizes how very blessed she is receiving this prestigious 4-year scholarship and gives all thanks to her Heavenly Father, as she knows He makes all things possible. Her parents kept the scholarship secret from Adele as they felt it most fitting to share the news on April 27, with Adele and her A.L.L. supporters at her biggest fundraiser of the year "Books in Bloom". Was Adele surprised? But of course - the expression on her face was simply priceless!!!!!! One of many moments that will be cherished.

Adele Ann Taylor

Founder/CEO of Adele's Literacy Library®

As much as she'll miss her parents, sister, Alannah, brother, Nathaniel, her family and host of friends, Adele is eager to continue her passion for "making a difference" in the lives of others; while making her mark in the world. Adele will be majoring in International Studies with a Minor in English and her career goal is to become a Corporate Crisis Attorney.

CONGRATULATIONS ADELE
